## Willowbrook School Grateful to Women

By MARVIN DUSKIN

They say the best things in life are free. At least to the youngsters Willowbrook State School, many of the best things in their lives provided by the free, priceless services of the Volunteer Work of the institution.

"The children are extremely affectionate and appreciative," said Mrs. George Zahn, founder and president of the newly organized group. "There are 50 children and only two attendants to a ward, so that our added assistance is most necessary."

Although the volunteer unit didn't elect officers until May, it had been active at the school since last December under Mrs. Zahn's leadership and guidance.
