Two youths missing 24 hours from Willowbrook State School for Mental Defectives were caught by a pair of uniformed cops after a hill and dale chase through the woods in Castleton Corners late yesterday afternoon.

The patients, Robert Victoria, 22, and Frank Vinci, 18, were spotted near Fairview Cemetery by the cops, who had been among a search party scouring the area for them since early morning.

The youths bolted as the policemen, Charles Vroom and James Smith approached, and the chase was on. It ended almost a mile away, near Ocean terrace and Todt Hill road, where the two were nabbed.

They were brought to the New Dorp stationhouse before being returned to the institution by detectives.

Dr. Harold H. Berman, director of the school, said they had spent the night in the woods.
