

Q I have been employed for the past seven years at the Willowbrook School. I would like to complain about certain conditions and efforts to discredit my work. Can you tell me what agency I might write to so I might submit my problems for consideration?

A. This institution is under the jurisdiction of the State Department of Mental Hygiene. The reader should take the matter up with the director of the school. If, for some reason, he does not wish to do this, he might write to the commissioner of the department, Dr. Paul H. Hoch, 240 State St., Albany E. N. Y.
