Employes Fete Hospital Aide

Mrs. Gladys Commaille, personnel director of Staten Island Hospital, was honored today by seven hospital employes to whom she has been a "mother" during their two to five years of employment.

The employes, all former residents of Willowbrook State School, presented a plaque to Mrs. Commaille in appreciation for her guidance in helping them adjust to employment and life outside the state institution for the mentally retarded.

Hosts for the party honoring Mrs. Commaille, of 165 Arlo Rd., Grymes Hill, were Julius Bergnes, Emmett Boyd, Louis Rizzo, George Egan, Abraham Santiago, William Lundy and James Thompson. They work in the hospital laundry, coffee shop, dietary and maintenance departments.
