

Nurses day

It's graduation day for students of the practical nurse class at Willowbrook State School. Receiving congratulations are Mrs. Lenora Zeigler, center, and Mrs. Johanna Hodack, second from the right. Despite budget cuts that threatened to eliminate the nursing program, the course was completed, thanks to Dr. Jack Hammond, left; the school administrator, Mrs. Vera Magee, left, assistant principal of the school of nursing, and Miss Mary Kelly, chief of nursing.
