

## Willowbrook staff lists rally

Safety officers at the Willowbrook State School will be joined by officers from other state facilities in a demonstration tomorrow at 8 a.m. at the school entrance on Victory Blvd.

Approximately 50 men are expected to take part. They are members of Local 1790 of Council 82 of the American Federation of State, County and Municipal Employees.

The men's complaints include the shortage of personnel on their staffs, inadequate protection for patients and employes, lack of better equipment and the amount of out-of-title work.

The Willowbrook school has a safety complement of ten officers and one supervisor.
