Willowbrook chorus sings at Sea View

Charity has been defined as sharing, not when you have something extra, but when you have barely enough yourself. Residents of the Willowbrook Developmental Center shared their holiday good will with geriatric residents of the Sea View Hospital and Home yesterday afternoon, by entertaining them with seasonal music and old favorites.

Members of the Department of Recreation Chorus are all multi-handicapped teen agers and adults. The group is directed by Mrs. Lois Mattera and Jerry Verrelli. Daniel Bremmer accompanied on the piano.
