

Willowbrook protest set for Sunday

The Willowbrook Chapter of the Benevolent Society for Retarded Children is planning a motorcade to protest conditions in the Willowbrook Developmental Center.

Set for Sunday at 11 a.m. in front of the Victory Blvd. entrance to the center, the motorcade will protest what the society considers a lack of progress by the center in complying with the state order mandating the institution to improve conditions for patients.

In addition to members of the BSRC, cars from the Staten Island CB radio club are scheduled to participate in the motorcade. Genevive Camen, a spokesman for the group, invites all interested community members to join in the motorcade.
