

It's your opinion

Willowbrook employes

praise restaurant

To show our appreciation to Mauro's Restaurant, on Broad Street, Stapleton, we are writing an open letter about the many enjoyable experiences we have had there.

Being employed at Willowbrook we try to establish as many friendly community contacts as is possible. On many occasions we have brought small groups of retarded men for dinner at Mauro's. On these occasions we have been received with great warmth and friendliness by the employes who have served us.

It is rare for us as a group to be received with such respect and dignity. The young men who accompany us to Mauro's always enjoy themselves immensely and are always asking to return for another visit. Besides the excellent and delicious meals we are served, the waitresses are always friendly, thoughtful and kind to us.

We would all like to thank Mauro's for always providing us with such good food, good service, a friendly smile and a lot of caring. Bravo Mauro's!

JEAN POST,

Willowbrook,

(The letter was also signed by Kevin Sullivan.)
