

Willowbrook placement site to be aired

A recommendation on the best location for a state office to administer the Willowbrook community placements will be discussed Thursday at 8 p.m. by a Community Board 2 subcommittee.

The Area One Committee will meet in the auditorium of the South Beach Psychiatric Center, Ocean Breeze, to hear a report from the board's Mental Health Committee and from the state Department of Mental Hygiene.

The proposed office, to be located somewhere in the Board 2 area, would provide a local administrative focus for the many group homes now being established under the court-ordered dismantling of the school for the mentally retarded.
