

### **Gov to listen**

Gov. Cuomo will conduct a forum dealing with the New York State budget tonight from 7 to 9:30 at the College of Staten Island's Williamson Theater on Ocean Terrace.

Staten Island was chosen for one of six such forums that will be conducted in the state. Islanders wishing to address issues regarding the budget will have the opportunity to speak out.

In addition, other issues will be discussed, such as the landfill, the Staten Island Developmental Center, and the LNG tanks.

Assemblywoman Elizabeth Connelly (D-S.I.) will make the opening remarks, and Borough President Ralph Lamberti will moderate the forum.
