*Dear Graduates,*

*It has been an exciting year for us, one of real financial hardship for the College, and I am sure for many of you in your own lives. However, we did manage to move forward, trying our best to keep our spirits up and to foster our deep commitment to getting and preserving an education.*

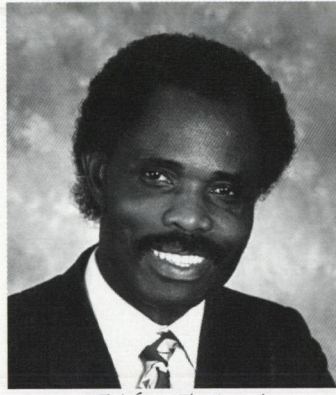

*There is little question that what you do at CSI -- what you learn here, the people you meet here, the friendships you form and the intellectual curiosity you foster will change your lives possibly forever. It is exciting to be a part of that transformation process, and as president, to work to create and nurture the atmosphere and maintain a campus where that can happen. My first year at the College of Staten Island has been professionally and personally rewarding, exciting, and enjoyable. I trust your years here have been the same, and look forward to a continued sharing of the true pleasures of being an educated person.*

## WORDS FROM THE

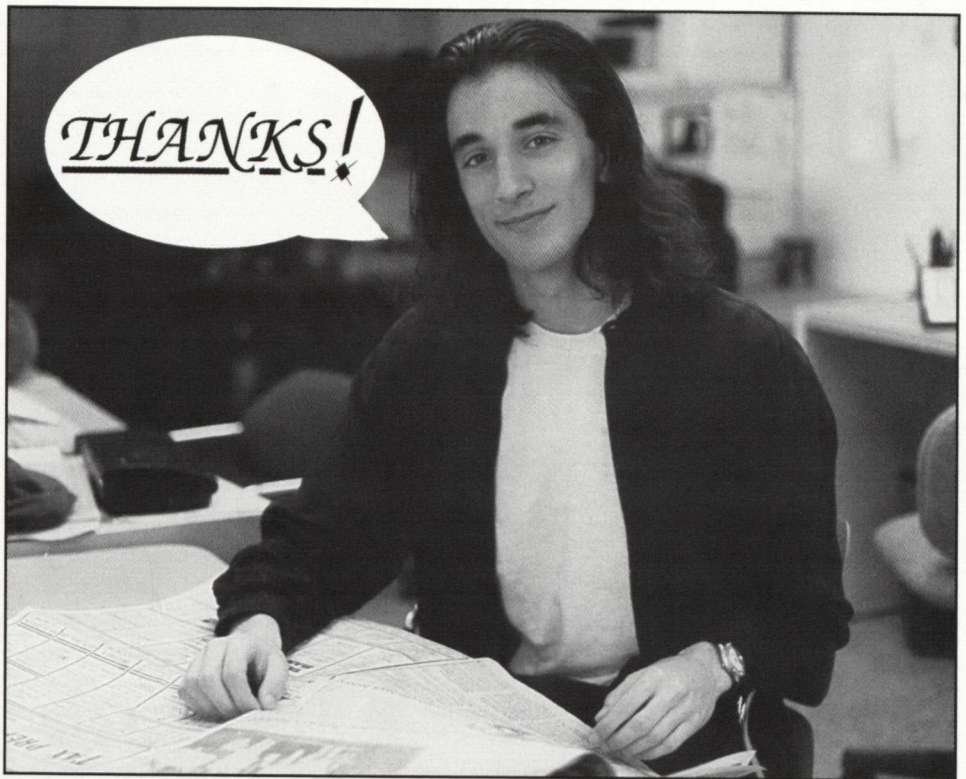

### EDITOR:

I hope all the graduates understand just how much work went into Project '95. It would not have happened if not for the help and sacrifices from many people. I would like to take this time to thank everyone who helped Project '95 become a reality.

Special thanks to CSI Security, Administration, staff, and all those people in the "A"

buildings who gained 10 pounds from yearbook candy sales... Thanks to the Publication Commissioners Michael Carbonella & Joe Canale; Mike for getting it started and Joe for helping to get it finished. To all the Student Government Senators who voted FOR the yearbook proposal - Thanks Ellen, Nancy, and Melissa...A special "HA" goes out to Meri Kaufman & Christine Crowdell who said, "it would never happen."...To Mike Daniels & Mike Silva, I thank you for kicking me out of the building at 5:00 so that I could do something else with my Summer...To Carol Jackson...excuse me...Vice President Carol Jackson for being our faculty advisor. (It's a mystery to all as to why you did.)...To all the Association members who knew what the word "quorum" meant, and how could I forget the Association staff. Book keeping was never such fun...To Student Activities, can we do another 2,000 bulk mailing? Alan & Greg, thank you for the scrutiny of the Yearbook Constitution. Let us never forget legality...To Jay Blum, Repro, and the Mailing Room, thank you for your outstanding job on the letters. And finally, thanks to all my Banner friends. I couldn't have done it without you, but we all know I would have tried.
