Committee to Promote Racial Understanding

by Lloyd Smith

Realizing the need for a revitalization of approach to society's indifference toward discrimination against minority groups, a group of concerned students and staff met with the Martin Luther King Jr. Memorial Committee in an effort to work out ways to promote racial understanding and alleviate bigotry.

The committee was organized in the spring semester to set up lines of communication between the college and people in disadvantaged neighborhoods. During the summer the committee worked with the Urban League and the Staten Island Planning Committee to improve the ghetto areas of Staten Island.

The original idea was that SICC students would work as volunteers, tutors and recreational aides and would assist in trips to museums, parks, theaters, historical landmarks, etc. Although some students did participate in the program, however, the majority who professed interest did not follow through and dropped out.

When the committee reported the results of its summer activities to Pres. Birenbaum, it did not have one black student there to relate the effectiveness of the program. The president questioned those members of the committee present as to the role black students play in the life of the campus and the committee was hard pressed to name any black student in leadership roles in student activities on campus. Visibly shaken, the committee left the president's office to consider this problem, with his promise of complete support and cooperation.

Students and faculty met in an effort to do something meaningful to understand and feel as one with their fellow man, and to define and act on the community college's role in promoting racial understanding.

Student feelings seemed to be keyed when John Farley, managing editor of *The Dolphin*, observed, "The root causes of racism are ignorance and the widely held theory of white supremacy." He further noted that SICC exists to provide low-cost higher education for local students and that the black

community is not sufficiently represented on campus. Farley suggested the formation of an Afro-American Society that could offer help to incoming black students so that "they will not have to face the white power structure by themselves."

Another idea that had general support was the formation of a club in which there could be an atmosphere congenial to social and cultural exchange. At its meetings, white and black students would enlighten each other's minds by showing what contributions the different races have made in the arts and culture.

The session resolved to work against ignorance and racism in the college as well as in the community.

Seminar on Student Problems Scheduled

by Anthony De Meo

In an effort to help students adjust to college life, SICC is offering a seminar which will deal with the serious problems and challenges of the college student.

According to Dr. Norman de Moose, the coordinator of the seminar, the program will concern itself with the academic, personal, social, and career aspirations of the college student. The free flow of student ideas is important to these discussions since through them it is hoped that students will have a better basis for a decision concerning which career to pursue.

The seminar, which will meet several times during the week, will be divided into nineteen different group classes. These classes will be scheduled at different times and places on the campus. The classes will be small, ranging from twelve to fifteen students per group, offering the two hundred fifty-eight freshmen who enrolled in the program an informal atmosphere conducive to successful results.

Specific topics to be considered in the seminar will include the reason for being in college, the whole issue of narcotics and young

Amendment Cuts Freedom of Speech

by John Farley

An amendment to the 1968 Higher Education Bill proposed by Sen. Wayne Morse (Dem., Ore.) would deny federal financial aid to campus demonstrators. It would place responsibility on the institution to determine if a student's crime—that is, refusal to obey a university regulation—"was of a serious nature, and contributed to a substantial disruption of the administration of such institution."

Opposition to the bill is already mounting because of the threat to academic freedom and the possibility of subjecting students to "triple jeopardy." Some educators feel that withholding of loans and grants is unfair punishment, a third threat to the demonstrator who already faces possible court action and school discipline.

The Morse amendment was adopted after an earlier attempt by Sen. Jacob Javits (Rep., N.Y.) failed. Javits' amendment, supported by Morse, also would have given administrators discretion to decide whether a student's conduct warranted stopping his federal assistance. This amendment was defeated, however, by a 35 to 25 vote.

Officers of the National Student Association are planning possible legal tests and other strategy, should the provision be adopted.

Oversized Classes Critical This Term

by Elaine Granata

The very high student enrollment at SICC is resulting in very large class sizes in many courses, which is a matter of much concern to students this semester.

Prof. James L. G. Fitz Patrick, Dean of Academic Program, in explaining the crowded situation, noted that despite an increase in the number of students in lecture sections, classes are still small when compared with those of other colleges, where it is common to lecture to classes with two to three hundreds students in attendance.

Unfortunately, classes could not be split and assigned to other teachers because the faculty at SICC is already carrying a much heavier load than is carried by faculties of private institutions. The normal load at these institutions is about nine hours, while faculty members at SICC teach in excess of twelve hours per week.

Statistics from last spring show that faculty members held class for an average of 12.2 hours per week. In addition to teaching they averaged 2.3 hours doing other college work for a total work week of 14.5 hours. The Board of Higher Education rules do not permit more than a fifteen-hour weekly work load for faculty members. The reason for the increase in class size in some subjects this semester is an effort to keep teaching loads under fifteen hours.

It must also be realized that different subjects, by the very nature,

Cafeteria Management Promises Improvement

by Lloyd Smith

The Bookstore and Cafeteria Advisory Board met Thursday, September 19, with representatives of Horn and Hardart, to urge improvements of food and service in the dining hall and snack bar.

Mr. Parisi, assistant general superintendent for Horn and Hardart, had specific complaints about the dining facilities at SICC. He pointed out that the layout was not well designed. The planners did not take into account the large number of students that would use the dining hall; thus the kitchen is not sufficiently large to service the students efficiently. The check-out system results in long lines and delays, and the hall itself is too small for the student body without the faculty reserving a section for themselves.

Since many students do not buy a meal, but one or two items, Mr. Parisi favors elimination of the cafeteria entirely in favor of a system of mobile snack stations placed in various areas around the campus. The snack stations would serve frankfurters, hamburgers, and hero sandwiches, and would also solve the immediate problem of long lines of students waiting to get food in the cafeteria. Horn and Hardart is currently studying to determine the plan's feasibility.

The cafeteria's atmosphere is too cold. Mr. Parisi favors adding flowers, drapes, and an acoustical renovation. He stressed that

student cooperation is needed to keep the dining hall clean and orderly.

Mr. Parisi's reply to the monotony of menu offered was "We try to meet the demands of the students." Even though some variety was tried early last year, the best sellers — the items students always bought — were hamburgers, heroes, and frankfurters. It was noticed that the SICC students preferred Italian bread for their heroes rather than French bread, so Italian bread is now standard with the sandwiches. Mr. Parisi did agree, however, to publicize new items when they are added to the menu.

Horn and Hardart is under contract to open the cafeteria for breakfast from 8 to 10 o'clock, lunch from 11 to 2, and supper from 5 to 7. Because of the great demand, the company will keep the cafeteria open from 8 to 3 o'clock for breakfast and lunch. In addition, from 11 to 11:30 another line will be opened in the cafeteria to handle the large number of students who eat lunch then. Supper will still be served from 5 to 7 o'clock. The snack bar is open from 10 a.m. to 8 p.m.

Even though the additional hours from the cafeteria are completely voluntary, Horn and Hardart does not foresee cutting them.

The Bookstore and Cafeteria Advisory Committee does not have any formal machinery for complaints by students at this time. It would like, however, to make a full and objective study of student demands and complaints in the near future. Last year the committee sent out eight hundred questionnaires in an effort to determine cafeteria efficiency but only one hundred-eleven were returned. This semester, new forms will be given to SICC students. The committee hopes that students will not be apathetic about returning the completed forms since legitimate recommendations for improving cafeteria operations can not be made until the questionnaires are evaluated.

← Standing Room Only

New President to Inaugurate 'Community Forums' With Students

President Birenbaum will hold the first of a series of open-ended Community Forums with students of the college next Thursday, Oct. 3, at 12 noon, in the quadrangle.

The new president said he will hold these "no-holds-barred" meetings with students regularly during the school year, probably about once every six weeks but more often if the students request it.

"I hope our students will be frank and tough in their interrogation of me regarding any matter concerning the college or their lives as students here," Dr. Birenbaum said. "That's the only way that a session of this type can have any real value."

The forum will be open-ended in that President Birenbaum is committed to staying as long as there are questions.

The forum is sponsored by Student Government, and Dr. Birenbaum will be introduced by SG President Daniel Gagliardi.

Dr. Birenbaum emphasized that these Community Forums should not be taken as a replacement for his earlier promise that any student with a matter he would like to discuss privately will be able to see the president simply by coming to his office and making an appointment. "These public forums are meant to supplement what I am learning from our students privately in my office," he said.

Chorus and Band Activities Now Available for College Credit

For the first time in SICC's history, course credit, at the option of the student, will be awarded to those who wish to participate in two new student activities that are in the process of being organized. One is a band (Music 103), and the other is a chorus or glee club (Music 101 or 102).

Registration for both activities is still open. Interested students should apply at room B146 today, Thursday, Sept. 26, between 12 and 2 p.m., or at the registrar's office any other hour today and all day tomorrow, Friday, Sept. 27.

Students who so desire may receive one credit for each of these activities.

Both courses will meet on Thursdays during the club hours of 12 to 2. The first class sessions will be on Thursday, Oct. 3. Registrants may choose to receive credit for either one of the two courses or may, for whatever reason, take it as a non-credit student activity.

That Long, Long Line

If SICC offered a course in waiting on lines, each student would earn the grade of A. The appropriate place to teach this course would be our lovely new bookstore. If you'd like to kill an afternoon, just embark on the mission of buying your books. In fact, one poor student found out that by the time he got to the cash register his book was outdated and not in use for the course anymore.

Seriously, the bookstore situation is almost as sad as it was last year. I say almost, because now we have lovely surroundings in which to wait. One soon finds, however, that soothing the eyes still doesn't tend to soothe the feet or the nerves. Students are also appalled to see only three cash registers in operation, considering the great number of customers and all the books they must purchase.

The Dolphin would like to offer two suggestions: first, that facilities be expanded the first few weeks of classes, during the mad rush, and second, that the bookstore purchase students' old texts and sell them second-hand. This would not reduce the bookstore's regular business, since many texts are changed and student enrollment increases each year.

Discovering Education

The Dolphin wishes to extend a welcome to College Discovery, a program designed for incoming freshmen, consisting of guidance and tutoring. Although this program has been offered at the other units of CUNY before, this is its first semester at SICC. We wish the program success in helping students discover the advantages of a college education.

Pending Constitutions

Again, The Dolphin wishes to express the hope that its constitution, and other pending constitutions, will be put before the SG Constitution Committee, the Senate, the Publications Advisory Board, and the Faculty Committee on Student Activities and Services. No apparent action has been taken as yet.

Beware The Simple Solution!

Mayor Lindsay has just castrated the misbegotten decentralization experiment. By superseding the local governing Board with police interference he not only defies the reality of community control but presents the children involved with a distorted view of the democratic process. Mr. Lindsay, as future educators, we urge you to reconsider this drastic solution.

Oversized Classes

(Continued from Page 1)

require different student-teacher ratios. Laboratory subjects are limited to the number of working places available. In general, laboratory courses range in class size from 10 to 24 students. The low number, 10-12 students, occurs in hospital classes in the nursing program.

This semester, the largest single class size in the college is approximately sixty students. The large classes are in economics and other social science courses where freshmen and upperclassmen are equal-

ly entitled to register. The smallest classes would range from 7 to 8 students in advanced courses taken by upperclassmen.

The operating cost to New York City per SICC student for the 1968-69 school year is \$1400. This cost is determined on a basis of fifteen students per teacher. If that ratio is reduced to ten students per teacher the operating cost would increase 33% to \$2100. Because the cost is prohibitive, the city will not allocate additional funds to reduce teacher-student ratio.

The Alumni

Douglas Korves has received a Fulbright Scholarship to Turkey. ... Thomas Alamo '65 is working as a social caseworker in Manhattan. ... Samuel Austerlitz '67 is majoring in English at Richmond College. ... Marsha Blumenfeld '66 married Howard Rosenbloom '66 on June 16, 1968. ... Victor G. Bonanno '59 is now working for Grumman Aircraft as a technical writer.

Ralph C. Butler is stationed in the Far East on the USS America. ... Joseph Calvacca '67 is attending Brooklyn College, majoring in psychology. ... Sal Cicotto '61 is now in his last year of medical school in Bologna, Italy. ... Emanuel L. Cohen '63 is a key account executive with Lever Brothers at Silver Spring, Md.

Philip Comito '66 graduated from Brooklyn College and will be teaching economics. ... George Crino '65 is serving a two-year hitch in the Navy. ... Maria Cristallo '67 is a teacher in the second grade at Saint Mary's Mother of Jesus School. ... Carmine Crudele '66 graduated from Brooklyn College with a BA. He will work for Metropolitan Life Insurance.

Arnold L. Feldman '66 graduated from New Mexico State University and is working for Texaco. ... Richard Golstein '66 left for service in the Peace Corps. ... Jerald Feldman '66 is attending Brooklyn College of Pharmacy. ... Steve Frazzutti '64 is stationed in Philadelphia with the Navy. ... James Galizia is now serving in the Marines.

... Jeff Schrier '66 completed his lower senior term at home after breaking his ankle and fibula sliding into home while playing baseball for Hunter College.

Barbara Kasdin '64 graduated from Brooklyn College, majoring in fine arts. She expects to get a master's degree from Hebrew University in Tel Aviv, where she will be living for the next year. ... Richard F. Siracusa '64 joined the brokerage firm of Thomson and McKinnon. ... Mark Katz '64 is presently eaching at J.H.S. 271 in Brooklyn.

Charles A. Gibson '64 died on June 10, 1968. He earned his AAS in electrical technology. Gibson's name appeared on the Dean's List in 1963 and 1964, and he received the E T Departmental Award for excellence in scholarship in June 1964. He entered SICC as a veteran with two years' service in the Coast Guard. Charles continued study at SUNY at Oswego, N.Y., where he earned his bachelor's degree in industrial arts. During this current college year he was a Graduate Assistant for Student Activities at SUNY at Albany, N.Y. and would have completed his master's degree in student personnel and guidance in higher education in August 1968.

ATTENTION:

All Evening Students and Faculty Camp-In '68

First club hour—classes suspended

Date: September 30, 1968

Time: 7:30 pm. to 8:30 pm

Place: Auditorium and Student Lounge

Free refreshments — all invited

Inquiring Reporter

Do you Love the New SICC?

by Leona Rati

On Monday I began my fifth term at SICC. As I walked through the hallways and classrooms, the cafeteria and lounge, I was deeply impressed by what I saw around me. I thought back to my first days at the college, back on Bay Street, when the ferry was the mode of transportation for incoming freshman. I remembered how easy it was to make friends, because there weren't too many of us in those days.

As I watched the masses of '68 freshman (somewhere between 1300 and 1400), I wondered how they were getting along. On a very long line in our new ultra-efficient (?) cafeteria, I asked one guy if he was a freshman. He replied, "Yes, unfortunately." This really shook me! Is he kidding, I thought? Why doesn't he love SICC the way we do? Doesn't he realize whence we came?

I brought this young man's statement to several of my fellow super-sophomores to see what their reaction was to the changing SICC. Here is what they told me:

"At Bay Street we had a feeling of belonging—even Angelo the janitor was a friend to all of us. When we moved to Sunnyside, things didn't change much. New faces soon became old faces, and the familiarity of people became the most important part of going to school. This year, however, the school is so large and disconcerted that we are scared. Not apathetic, just scared. We used to have the feeling that we possessed SICC; now we feel that it possesses us!"

—Lynn Olsen and Richie Solock

"Bay Street was homey. I came from a huge high school, so when I came to SICC on Bay Street, it seemed small and friendly. Even at the new campus last year we were a close-knit group; we knew who was who. But now it will be almost impossible to get acquainted

with new people. Enrollment should somehow be controlled."

—Shaaron Curtis

"During our first year here it was really neat. The feeling of friendliness was everywhere. It was this warm atmosphere that gave rise to intellectual stimulation. In '67, when we moved to Sunnyside, we brought the feeling of warmth with us. This year the vast numbers make for anonymity among students. We've really lost something."

—Larry Agrapides

"When I first came to the old buildings, it was a madhouse. But everybody got to know everybody, fast. The dances aren't going to be the same anymore. The casual kind of sit-around-and-enjoy-each-other's-company fun is missing this year."

—Donnie Matman

"People just aren't as close as they used to be. In the old days everyone knew one another. Now, because of the growth of the student body, it is practically impossible to get to know people. There's more of a system at SICC now than in previous years. The faculty has been improved by the addition of instructors in each department."

—Joe Arena

This is the general consensus of what the fifth termers had to say. I spoke to many, many people who just replied, "Crowds." Is it the crowds. Or is it something more? Do the freshmen lack enthusiasm? We invite others to write to The Dolphin on this subject, especially incoming freshman. Tell us we're wrong. Tell us your experience on your first few days at our college. Hopefully, these days have been as exciting and fulfilling for you as our first days were for us. Remember, our hearts are filled with nostalgia and yours are (or at least should be) filled with anticipation.

Faculty Adviser's List

All day session matriculated students at SICC have either a curriculum adviser or a faculty adviser assigned to help them with their academic problems. All students are strongly urged to see their adviser as the need arises so that minor matters may be resolved before becoming major problems.

Students should check the alphabetical list below to discover who their adviser will be for 1968-69. Each student's name is followed by a code name which indicates the adviser. Each adviser's name, with his code number, appears in the "key" at the bottom of this page.

If a day session matriculated student does not discover his name in the list, he should apply at room A-135, where an adviser will be assigned to him.

Sports

Something for Everyone

by Gareth G. Ganim

With the 1968-69 athletic season now in full swing, certain observations may be made about the teams.

The soccer team is one of the best. In their first exhibition game of the season, against the Turkish-Americans from Brooklyn, which they won by a score of 5-3, the Dolphins showed a spark which was not present last season. When asked what he thought of this year's team, the Turk's goalie replied, "They are one of the best junior college teams I've seen, and they are much superior to last year's team." The Turkish-Americans are a semi-professional team in the Brooklyn Soccer League.

This year's team has an abundance of talent. The starting berths for all positions have not been firmly secured and the reserves will see considerable action.

Peter Vlitaz,
Dolphins' Leading Scorer

The returning lettermen from the 1967-68 squad are Co-captains Bekir Pinarli (left halfback) and Joseph Iacobuzio (right inside). Pinarli is from Lincoln High School and Iacobuzio from John Jay High School. Ted Leniszewski is at right fullback, Peter Vlitaz at inside left, and Alex Kacinovich at right halfback. Eldar Gunol, right inside, and GianFranco Caldarone, right wing, will back up the forward line and see plenty of action.

The incoming freshmen who will make up the remaining line-up are Eddy Mills, goalie; Palmino Vezza, left fullback; Juan Gaete, center halfback; Daniel Bellande, right wing; Ivan Mino Cente, forward; and Luis Coloves, left wing. Other freshmen to support the team, and who will see plenty of playing, are

Rodriguez, Papazacharopoulos, Zafra, Woods, and Minoia at halfback; Tsiamis and Tsepelias at forward; and Palazzo and Tyler at fullback.

This season's team, with a surplus of experienced personnel and with a schedule that is light compared to the 67-68 schedule, could prove a keen contender for the Metropolitan Community College Conference Soccer Championship and also a place in the N.J.C.A.A. Region Soccer playoffs.

Cross-Country

On Saturday, September 28, the SICC Cross-Country Track Team will open its season against State University at Farmingdale, in a track meet and soccer game doubleheader. Under the direction of Coach Nicholas Farkouh, the team completed its first season in June among the top ten in Region XV.

Basketball

Last year, the basketball team was sparked by luminaries like Ed Connor and Steve Berry. Connor is now attending Wagner College on a basketball scholarship. Berry, who holds the SICC record for most points scored in a two year career, is also gone. Veterans John Kunh and Glen Jensen are back, however, and are expected to contribute greatly to this year's team. If the team is to do as well as last year, Coach Ira Sweet will need some good new players. The Dolphin basketball team will open its '68-'69 season on November 30 in the SICC gymnasium against the alumni.

Intramurals

This semester the touch-football intramurals will be under the direction of Mr. Joseph Barresi, one of the new additions to the SICC physical education staff. Team rosters are already being submitted and students who are willing to referee will be accepted soon. Last year the referees were paid \$1.25 an hour for their services. Hopefully, the same procedure will be employed again this semester.

Team rosters should consist of a minimum of 10 men and a maximum of 16. The game is 8-man touch football, the place is SICC's athletic field, the time is Thursdays between 12 and 2, and the enjoyment is indescribably delicious.

WHY BE LEFT OUT?

Get involved in your college newspaper.

SICC needs your ideas.

And, your ideas can be expressed through THE DOLPHIN, the voice of the students.

Get with it; come to room C132 on Thursday, Oct. 3 at 12 noon.

Come see—you may like it.

Dolphins Drown Turks

by Linda Marino

In their first exhibition game of the 1968 season, Coach James Donlan's Soccer Dolphins provided plenty of excitement as they defeated the Turkish-American Soccer Club, 5-3, on September 14. The game, sparked by some fine plays by Elias Coloves, Chris Tsiamis, and Peter Vlitaz, was played at SICC.

Coloves soon gave the Dolphins an early lead by kicking a 20-foot goal from the corner. The Turks, however, tied the game, 1-1, on a foul shot by Kazim Gungor, and soon after took the lead, 2-1, when Aslan Kerisli scored from in front of the goal.

At half time, it was a tie game, 2-2, thanks to the fine efforts of Tsiamis, who scored late in the first half.

In the second half, Kemal Taraktasli was the first and only one to score for the Turks. The Dol-

phins' second half belonged to Vlitaz, now one of the team's veteran players, as he scored three times to bring his team to a 5-3 victory.

Many spectators commented that the Dolphin team looked good and should have a very successful 1968 season.

Soccer Dolphins Defeat Wagner

by Darryle M. Tyler

In their last exhibition game before opening day, the SICC soccer team beat Wagner College, 15-2, at Wagner on Sept. 23.

From start to finish the play was monopolized by SICC. Coach Donlan's team showed the same spark which they maintained throughout the training season.

Committee to Promote Racial Understanding

by Lloyd Smith

Realizing the need for a revitalization of approach to society's indifference toward discrimination against minority groups, a group of concerned students and staff met with the Martin Luther King Jr. Memorial Committee in an effort to work out ways to promote racial understanding and alleviate bigotry.

The committee was organized in the spring semester to set up lines of communication between the college and people in disadvantaged neighborhoods. During the summer the committee worked with the Urban League and the Staten Island Planning Committee to improve the ghetto areas of Staten Island.

The original idea was that SICC students would work as volunteers, tutors and recreational aides and would assist in trips to museums, parks, theaters, historical landmarks, etc. Although some students did participate in the program, however, the majority who professed interest did not follow through and dropped out.

When the committee reported the results of its summer activities to Pres. Birenbaum, it did not have one black student there to relate the effectiveness of the program. The president questioned those members of the committee present as to the role black students play in the life of the campus and the committee was hard pressed to name any black student in leadership roles in student activities on campus. Visibly shaken, the committee left the president's office to consider this problem, with his promise of complete support and cooperation.

Students and faculty met in an effort to do something meaningful to understand and feel as one with their fellow man, and to define and act on the community college's role in promoting racial understanding.

Student feelings seemed to be keyed when John Farley, managing editor of *The Dolphin*, observed, "The root causes of racism are ignorance and the widely held theory of white supremacy." He further noted that SICC exists to provide low-cost higher education for local students and that the black

community is not sufficiently represented on campus. Farley suggested the formation of an Afro-American Society that could offer help to incoming black students so that "they will not have to face the white power structure by themselves."

Another idea that had general support was the formation of a club in which there could be an atmosphere congenial to social and cultural exchange. At its meetings, white and black students would enlighten each other's minds by showing what contributions the different races have made in the arts and culture.

The session resolved to work against ignorance and racism in the college as well as in the community.

Seminar on Student Problems Scheduled

by Anthony De Meo

In an effort to help students adjust to college life, SICC is offering a seminar which will deal with the serious problems and challenges of the college student.

According to Dr. Norman de Moose, the coordinator of the seminar, the program will concern itself with the academic, personal, social, and career aspirations of the college student. The free flow of student ideas is important to these discussions since through them it is hoped that students will have a better basis for a decision concerning which career to pursue.

The seminar, which will meet several times during the week, will be divided into nineteen different group classes. These classes will be scheduled at different times and places on the campus. The classes will be small, ranging from twelve to fifteen students per group, offering the two hundred fifty-eight freshmen who enrolled in the program an informal atmosphere conducive to successful results.

Specific topics to be considered in the seminar will include the reason for being in college, the whole issue of narcotics and young

(Continued on Page 7)

Amendment Cuts Freedom of Speech

by John Farley

An amendment to the 1968 Higher Education Bill proposed by Sen. Wayne Morse (Dem., Ore.) would deny federal financial aid to campus demonstrators. It would place responsibility on the institution to determine if a student's crime—that is, refusal to obey a university regulation—"was of a serious nature, and contributed to a substantial disruption of the administration of such institution."

Opposition to the bill is already mounting because of the threat to academic freedom and the possibility of subjecting students to "triple jeopardy." Some educators feel that withholding of loans and grants is unfair punishment, a third threat to the demonstrator who already faces possible court action and school discipline.

The Morse amendment was adopted after an earlier attempt by Sen. Jacob Javits (Rep., N.Y.) failed. Javits' amendment, supported by Morse, also would have given administrators discretion to decide whether a student's conduct warranted stopping his federal assistance. This amendment was defeated, however, by a 35 to 25 vote.

Officers of the National Student Association are planning possible legal tests and other strategy, should the provision be adopted.

Oversized Classes Critical This Term

by Elaine Granata

The very high student enrollment at SICC is resulting in very large class sizes in many courses, which is a matter of much concern to students this semester.

Prof. James L. G. Fitz Patrick, Dean of Academic Program, in explaining the crowded situation, noted that despite an increase in the number of students in lecture sections, classes are still small when compared with those of other colleges, where it is common to lecture to classes with two to three hundreds students in attendance.

Unfortunately, classes could not be split and assigned to other teachers because the faculty at SICC is already carrying a much heavier load than is carried by faculties of private institutions. The normal load at these institutions is about nine hours, while faculty members at SICC teach in excess of twelve hours per week.

Statistics from last spring show that faculty members held class for an average of 12.2 hours per week. In addition to teaching they averaged 2.3 hours doing other college work for a total work week of 14.5 hours. The Board of Higher Education rules do not permit more than a fifteen-hour weekly work load for faculty members. The reason for the increase in class size in some subjects this semester is an effort to keep teaching loads under fifteen hours.

It must also be realized that different subjects, by the very nature,

(Continued on Page 2)

Cafeteria Management Promises Improvement

by Lloyd Smith

The Bookstore and Cafeteria Advisory Board met Thursday, September 19, with representatives of Horn and Hardart, to urge improvements of food and service in the dining hall and snack bar.

Mr. Parisi, assistant general superintendent for Horn and Hardart, had specific complaints about the dining facilities at SICC. He pointed out that the layout was not well designed. The planners did not take into account the large number of students that would use the dining hall; thus the kitchen is not sufficiently large to service the students efficiently. The check-out system results in long lines and delays, and the hall itself is too small for the student body without the faculty reserving a section for themselves.

Since many students do not buy a meal, but one or two items, Mr. Parisi favors elimination of the cafeteria entirely in favor of a system of mobile snack stations placed in various areas around the campus. The snack stations would serve frankfurters, hamburgers, and hero sandwiches, and would also solve the immediate problem of long lines of students waiting to get food in the cafeteria. Horn and Hardart is currently studying to determine the plan's feasibility.

The cafeteria's atmosphere is too cold. Mr. Parisi favors adding flowers, drapes, and an acoustical renovation. He stressed that

student cooperation is needed to keep the dining hall clean and orderly.

Mr. Parisi's reply to the monotony of menu offered was "We try to meet the demands of the students." Even though some variety was tried early last year, the best sellers — the items students always bought — were hamburgers, heroes, and frankfurters. It was noticed that the SICC students preferred Italian bread for their heroes rather than French bread, so Italian bread is now standard with the sandwiches. Mr. Parisi did agree, however, to publicize new items when they are added to the menu.

Horn and Hardart is under contract to open the cafeteria for breakfast from 8 to 10 o'clock, lunch from 11 to 2, and supper from 5 to 7. Because of the great demand, the company will keep the cafeteria open from 8 to 3 o'clock for breakfast and lunch. In addition, from 11 to 11:30 another line will be opened in the cafeteria to handle the large number of students who eat lunch then. Supper will still be served from 5 to 7 o'clock. The snack bar is open from 10 a.m. to 8 p.m.

Even though the additional hours from the cafeteria are completely voluntary, Horn and Hardart does not foresee cutting them.

The Bookstore and Cafeteria Advisory Committee does not have any formal machinery for complaints by students at this time. It would like, however, to make a full and objective study of student demands and complaints in the near future. Last year the committee sent out eight hundred questionnaires in an effort to determine cafeteria efficiency but only one hundred-eleven were returned. This semester, new forms will be given to SICC students. The committee hopes that students will not be apathetic about returning the completed forms since legitimate recommendations for improving cafeteria operations can not be made until the questionnaires are evaluated.

← Standing Room Only

New President to Inaugurate 'Community Forums' With Students

President Birenbaum will hold the first of a series of open-ended Community Forums with students of the college next Thursday, Oct. 3, at 12 noon, in the quadrangle.

The new president said he will hold these "no-holds-barred" meetings with students regularly during the school year, probably about once every six weeks but more often if the students request it.

"I hope our students will be frank and tough in their interrogation of me regarding any matter concerning the college or their lives as students here," Dr. Birenbaum said. "That's the only way that a session of this type can have any real value."

The forum will be open-ended in that President Birenbaum is committed to staying as long as there are questions.

The forum is sponsored by Student Government, and Dr. Birenbaum will be introduced by SG President Daniel Gagliardi.

Dr. Birenbaum emphasized that these Community Forums should not be taken as a replacement for his earlier promise that any student with a matter he would like to discuss privately will be able to see the president simply by coming to his office and making an appointment. "These public forums are meant to supplement what I am learning from our students privately in my office," he said.

Chorus and Band Activities Now Available for College Credit

For the first time in SICC's history, course credit, at the option of the student, will be awarded to those who wish to participate in two new student activities that are in the process of being organized. One is a band (Music 103), and the other is a chorus or glee club (Music 101 or 102).

Registration for both activities is still open. Interested students should apply at room B146 today, Thursday, Sept. 26, between 12 and 2 p.m., or at the registrar's office any other hour today and all day tomorrow, Friday, Sept. 27.

Students who so desire may receive one credit for each of these activities.

Both courses will meet on Thursdays during the club hours of 12 to 2. The first class sessions will be on Thursday, Oct. 3. Registrants may choose to receive credit for either one of the two courses or may, for whatever reason, take it as a non-credit student activity.

That Long, Long Line

If SICC offered a course in waiting on lines, each student would earn the grade of A. The appropriate place to teach this course would be our lovely new bookstore. If you'd like to kill an afternoon, just embark on the mission of buying your books. In fact, one poor student found out that by the time he got to the cash register his book was outdated and not in use for the course anymore.

Seriously, the bookstore situation is almost as sad as it was last year. I say almost, because now we have lovely surroundings in which to wait. One soon finds, however, that soothing the eyes still doesn't tend to soothe the feet or the nerves. Students are also appalled to see only three cash registers in operation, considering the great number of customers and all the books they must purchase.

The Dolphin would like to offer two suggestions: first, that facilities be expanded the first few weeks of classes, during the mad rush, and second, that the bookstore purchase students' old texts and sell them second-hand. This would not reduce the bookstore's regular business, since many texts are changed and student enrollment increases each year.

Discovering Education

The Dolphin wishes to extend a welcome to College Discovery, a program designed for incoming freshmen, consisting of guidance and tutoring. Although this program has been offered at the other units of CUNY before, this is its first semester at SICC. We wish the program success in helping students discover the advantages of a college education.

Pending Constitutions

Again, The Dolphin wishes to express the hope that its constitution, and other pending constitutions, will be put before the SG Constitution Committee, the Senate, the Publications Advisory Board, and the Faculty Committee on Student Activities and Services. No apparent action has been taken as yet.

Beware The Simple Solution!

Mayor Lindsay has just castrated the misbegotten decentralization experiment. By superseding the local governing Board with police interference he not only defies the reality of community control but presents the children involved with a distorted view of the democratic process. Mr. Lindsay, as future educators, we urge you to reconsider this drastic solution.

Oversized Classes

(Continued from Page 1)

require different student-teacher ratios. Laboratory subjects are limited to the number of working places available. In general, laboratory courses range in class size from 10 to 24 students. The low number, 10-12 students, occurs in hospital classes in the nursing program.

This semester, the largest single class size in the college is approximately sixty students. The large classes are in economics and other social science courses where freshmen and upperclassmen are equal-

The Alumni

Douglas Korves has received a Fulbright Scholarship to Turkey. ... Thomas Alamo '65 is working as a social caseworker in Manhattan. ... Samuel Austerlitz '67 is majoring in English at Richmond College. ... Marsha Blumenfeld '66 married Howard Rosenbloom '66 on June 16, 1968. ... Victor G. Bonanno '59 is now working for Grumman Aircraft as a technical writer.

Ralph C. Butler is stationed in the Far East on the USS America. ... Joseph Calvacca '67 is attending Brooklyn College, majoring in psychology. ... Sal Cicotto '61 is now in his last year of medical school in Bologna, Italy. ... Emanuel L. Cohen '63 is a key account executive with Lever Brothers at Silver Spring, Md.

Philip Comito '66 graduated from Brooklyn College and will be teaching economics. ... George Crino '65 is serving a two-year hitch in the Navy. ... Maria Cristallo '67 is a teacher in the second grade at Saint Mary's Mother of Jesus School. ... Carmine Crudele '66 graduated from Brooklyn College with a BA. He will work for Metropolitan Life Insurance.

Arnold L. Feldman '66 graduated from New Mexico State University and is working for Texaco. ... Richard Golstein '66 left for service in the Peace Corps. ... Jerald Feldman '66 is attending Brooklyn College of Pharmacy. ... Steve Frazzutti '64 is stationed in Philadelphia with the Navy. ... James Galizia is now serving in the Marines.

... Jeff Schrier '66 completed his lower senior term at home after breaking his ankle and fibula sliding into home while playing baseball for Hunter College.

Barbara Kasdin '64 graduated from Brooklyn College, majoring in fine arts. She expects to get a master's degree from Hebrew University in Tel Aviv, where she will be living for the next year. ... Richard F. Siracusa '64 joined the brokerage firm of Thomson and McKinnon. ... Mark Katz '64 is presently eaching at J.H.S. 271 in Brooklyn.

Charles A. Gibson '64 died on June 10, 1968. He earned his AAS in electrical technology. Gibson's name appeared on the Dean's List in 1963 and 1964, and he received the E T Departmental Award for excellence in scholarship in June 1964. He entered SICC as a veteran with two years' service in the Coast Guard. Charles continued study at SUNY at Oswego, N.Y., where he earned his bachelor's degree in industrial arts. During this current college year he was a Graduate Assistant for Student Activities at SUNY at Albany, N.Y. and would have completed his master's degree in student personnel and guidance in higher education in August 1968.

ATTENTION:

All Evening Students and Faculty Camp-In '68

First club hour—classes suspended

Date: September 30, 1968

Time: 7:30 pm. to 8:30 pm

Place: Auditorium and Student Lounge

Free refreshments — all invited

"what me worry?"

are you a member of a club or student organization?
do you know what the Martin Luther King Jr. Memorial committee is?
did you know Richie Havens will play at SICC in Oct.?
are you satisfied with national & international situations?
do you like the food in the lunchroom?
did you know James Farmer will speak at SICC in Jan.?
do you care about anything?
do you know where C-132 is?
if you do ... visit some time ... we care! we try!

dave master '68

Inquiring Reporter

Do you Love the New SICC?

by Leona Rati

On Monday I began my fifth term at SICC. As I walked through the hallways and classrooms, the cafeteria and lounge, I was deeply impressed by what I saw around me. I thought back to my first days at the college, back on Bay Street, when the ferry was the mode of transportation for incoming freshman. I remembered how easy it was to make friends, because there weren't too many of us in those days.

As I watched the masses of '68 freshman (somewhere between 1300 and 1400), I wondered how they were getting along. On a very long line in our new ultra-efficient (?) cafeteria, I asked one guy if he was a freshman. He replied, "Yes, unfortunately." This really shook me! Is he kidding, I thought? Why doesn't he love SICC the way we do? Doesn't he realize whence we came?

I brought this young man's statement to several of my fellow super-sophomores to see what their reaction was to the changing SICC. Here is what they told me:

"At Bay Street we had a feeling of belonging—even Angelo the janitor was a friend to all of us. When we moved to Sunnyside, things didn't change much. New faces soon became old faces, and the familiarity of people became the most important part of going to school. This year, however, the school is so large and disconcerted that we are scared. Not apathetic, just scared. We used to have the feeling that we possessed SICC; now we feel that it possesses us!"

—Lynn Olsen and Richie Solock

"Bay Street was homey. I came from a huge high school, so when I came to SICC on Bay Street, it seemed small and friendly. Even at the new campus last year we were a close-knit group; we knew who was who. But now it will be almost impossible to get acquainted

with new people. Enrollment should somehow be controlled."

—Shaaron Curtis

"During our first year here it was really neat. The feeling of friendliness was everywhere. It was this warm atmosphere that gave rise to intellectual stimulation. In '67, when we moved to Sunnyside, we brought the feeling of warmth with us. This year the vast numbers make for anonymity among students. We've really lost something."

—Larry Agrapides

"When I first came to the old buildings, it was a madhouse. But everybody got to know everybody, fast. The dances aren't going to be the same anymore. The casual kind of sit-around-and-enjoy-each-other's-company fun is missing this year."

—Donnie Matman

"People just aren't as close as they used to be. In the old days everyone knew one another. Now, because of the growth of the student body, it is practically impossible to get to know people. There's more of a system at SICC now than in previous years. The faculty has been improved by the addition of instructors in each department."

—Joe Arena

This is the general consensus of what the fifth termers had to say. I spoke to many, many people who just replied, "Crowds." Is it the crowds. Or is it something more? Do the freshmen lack enthusiasm? We invite others to write to The Dolphin on this subject, especially incoming freshman. Tell us we're wrong. Tell us your experience on your first few days at our college. Hopefully, these days have been as exciting and fulfilling for you as our first days were for us. Remember, our hearts are filled with nostalgia and yours are (or at least should be) filled with anticipation.

Faculty Adviser's List

All day session matriculated students at SICC have either a curriculum adviser or a faculty adviser assigned to help them with their academic problems. All students are strongly urged to see their adviser as the need arises so that minor matters may be resolved before becoming major problems.

Students should check the alphabetical list below to discover who their adviser will be for 1968-69. Each student's name is followed by a code name which indicates the adviser. Each adviser's name, with his code number, appears in the "key" at the bottom of this page.

If a day session matriculated student does not discover his name in the list, he should apply at room A-135, where an adviser will be assigned to him.

Sports

Something for Everyone

by Gareth G. Ganim

With the 1968-69 athletic season now in full swing, certain observations may be made about the teams.

The soccer team is one of the best. In their first exhibition game of the season, against the Turkish-Americans from Brooklyn, which they won by a score of 5-3, the Dolphins showed a spark which was not present last season. When asked what he thought of this year's team, the Turk's goalie replied, "They are one of the best junior college teams I've seen, and they are much superior to last year's team." The Turkish-Americans are a semi-professional team in the Brooklyn Soccer League.

This year's team has an abundance of talent. The starting berths for all positions have not been firmly secured and the reserves will see considerable action.

Peter Vlitaz,
Dolphins' Leading Scorer

The returning lettermen from the 1967-68 squad are Co-captains Bekir Pinarli (left halfback) and Joseph Iacobuzio (right inside). Pinarli is from Lincoln High School and Iacobuzio from John Jay High School. Ted Leniszewski is at right fullback, Peter Vlitaz at inside left, and Alex Kacinovich at right halfback. Eldar Gunol, right inside, and GianFranco Caldarone, right wing, will back up the forward line and see plenty of action.

The incoming freshmen who will make up the remaining line-up are Eddy Mills, goalie; Palmino Vezza, left fullback; Juan Gaete, center halfback; Daniel Bellande, right wing; Ivan Mino Cente, forward; and Luis Coloves, left wing. Other freshmen to support the team, and who will see plenty of playing, are

Rodriguez, Papazacharopoulos, Zafra, Woods, and Minoia at halfback; Tsiamis and Tsepelias at forward; and Palazzo and Tyler at fullback.

This season's team, with a surplus of experienced personnel and with a schedule that is light compared to the 67-68 schedule, could prove a keen contender for the Metropolitan Community College Conference Soccer Championship and also a place in the N.J.C.A.A. Region Soccer playoffs.

Cross-Country

On Saturday, September 28, the SICC Cross-Country Track Team will open its season against State University at Farmingdale, in a track meet and soccer game doubleheader. Under the direction of Coach Nicholas Farkouh, the team completed its first season in June among the top ten in Region XV.

Basketball

Last year, the basketball team was sparked by luminaries like Ed Connor and Steve Berry. Connor is now attending Wagner College on a basketball scholarship. Berry, who holds the SICC record for most points scored in a two year career, is also gone. Veterans John Kunh and Glen Jensen are back, however, and are expected to contribute greatly to this year's team. If the team is to do as well as last year, Coach Ira Sweet will need some good new players. The Dolphin basketball team will open its '68-'69 season on November 30 in the SICC gymnasium against the alumni.

Intramurals

This semester the touch-football intramurals will be under the direction of Mr. Joseph Barresi, one of the new additions to the SICC physical education staff. Team rosters are already being submitted and students who are willing to referee will be accepted soon. Last year the referees were paid \$1.25 an hour for their services. Hopefully, the same procedure will be employed again this semester.

Team rosters should consist of a minimum of 10 men and a maximum of 16. The game is 8-man touch football, the place is SICC's athletic field, the time is Thursdays between 12 and 2, and the enjoyment is indescribably delicious.

WHY BE LEFT OUT?

Get involved in your college newspaper.

SICC needs your ideas.

And, your ideas can be expressed through THE DOLPHIN, the voice of the students.

Get with it; come to room C132 on Thursday, Oct. 3 at 12 noon.

Come see—you may like it.

Dolphins Drown Turks

by Linda Marino

In their first exhibition game of the 1968 season, Coach James Donlan's Soccer Dolphins provided plenty of excitement as they defeated the Turkish-American Soccer Club, 5-3, on September 14. The game, sparked by some fine plays by Elias Coloves, Chris Tsiamis, and Peter Vlitaz, was played at SICC.

Coloves soon gave the Dolphins an early lead by kicking a 20-foot goal from the corner. The Turks, however, tied the game, 1-1, on a foul shot by Kazim Gungor, and soon after took the lead, 2-1, when Aslan Kerisli scored from in front of the goal.

At half time, it was a tie game, 2-2, thanks to the fine efforts of Tsiamis, who scored late in the first half.

In the second half, Kemal Taraktasli was the first and only one to score for the Turks. The Dol-

phins' second half belonged to Vlitaz, now one of the team's veteran players, as he scored three times to bring his team to a 5-3 victory.

Many spectators commented that the Dolphin team looked good and should have a very successful 1968 season.

Soccer Dolphins Defeat Wagner

by Darryle M. Tyler

In their last exhibition game before opening day, the SICC soccer team beat Wagner College, 15-2, at Wagner on Sept. 23.

From start to finish the play was monopolized by SICC. Coach Donlan's team showed the same spark which they maintained throughout the training season.

A Hearty Welcome Awaits You at CLOVE LAKES STABLES

Clove Road, S.I.

Special group rate for SICC students.
